AGENDA AS PRESENTED IN COMMITTEE NOTICE:

1. Call to Order
2. 2019-2020 Budget
3. Other Business
4. Adjournment

Chair Clary, Community College Committee and Chair Shaw, Finance Committee called the joint meeting to order at 1:00 PM at SUNY Adirondack, Bryan Hall, Queensbury, NY. Warren County Committees also present.

President Duffy welcomed everyone for attending and thanked the Counties for their support.

UPDATES:

- Welcomed SUNY Chancellor Johnson earlier this year and showed off the campus.
- Adirondack Hall – JMZ Architects recently received an Excellence in Architectural Design award.
- Northwest Bay Conference Center – Opened last year and have had nearly 200 events. They haven't even started a full on marketing campaign yet, it's been mostly word of mouth.
- Enrollment trends – Projecting -4% fall head count and 6% FTE decline. Colleges across the state experiencing similar enrollment trends due to changing demographics and full employment. About even with last year at this point for new student enrollment.
- 2018-2019 had a large graduating class, despite declining enrollment.
- Rebranding Wilton Center to SUNY Adirondack Saratoga.
- Campus tour trends are up. Record breaking attendance at open house.
- Positive Outlooks - 60% of their graduates leave debt free. 57% of students attend tuition-free.
- Record year in annual giving to Foundation (\$76,000 compared to \$40,000 last year).
- Culinary Center opening was a great success. Exceeded last year's gross sales by 118%.
- Re-Accreditation – During the next year, will be working on re-accreditation. Every eight years, the college goes through extensive process to get reaccredited by Middle States Commission on Higher Education.

BUDGET PRESENTATION: Ann Marie Scheidegger, Vice President of Administrative Services presented the proposed 2019-2020 budget, attached.

Total Operating Budget (Net of Grants) \$32,097,599, an increase of \$613,516 or 1.9%. The budget with grants totals \$33,814,223. No fund balance appropriated in this budget.

Sources of operating revenues:

- State revenues:
  - State aid rate per FTE
  - Rental Aid – amount per square foot
- Sponsors Contribution – maintenance of effort and applied fund balance
- Non-Sponsors Contribution
  - Chargebacks
  - Non-residents
- Student Revenues
  - Tuition
  - Fees
- Other Income – conferences, events held here
- Grants – Perkins, Upward Bound, Workforce Dev., SUNY Grants, etc.

Changes in revenues – State did approve, in the short term, establishing a floor for community colleges that provide the same amount as the previous year or a value of per FTE of \$100, whichever is higher. This resulted in an increase of \$116,000 and is not yet a permanent change.

Washington County's sponsor contribution is \$1,520,262; an increase of \$29,809 over last year. Warren county is \$2,047,737. Sponsors share is about 11.1% of the total operating budget, about the same as last year.

Changes in Expenses – In response to projected decline in enrollment, the college has agreed to identify ways to reduce costs. Agreed to defer or reallocate several positions, reduce spending on controllable expenses, reorganize departments to reduce expenses. Employee benefits represent the largest increase in the budget, \$591,000, due to health insurance. College staff pay 25% of health insurance premiums.

Will be meeting with the counties again in the fall to present their capital requests. At this point, not anticipating asking the counties for anything.

Mr. Shaw stated that he appreciates that the college has been receptive to industry needs within Washington and Warren counties and asked what percentage of enrollment come from the two counties. President Duffy stated that about 50% of total enrollment are from the two counties, 34% from Saratoga County and 16% from elsewhere. Programs added that are workforce related continue to see increases in applications and enrollment. Mechatronics program is directly in response to our manufacturing community who were looking for skilled workers at the two year college level to run their automated manufacturing environments. That too has taken off in enrollment. That was done in partnership with the local manufacturing business. The Agricultural Business program is new and enrollment has exceeded expectations.

COMMUNITY COLLEGE COMMITTEE: A motion to approve the Adirondack Community College 2019-2020 budget, was moved by Mr. Campbell, seconded by Mr. Skellie and adopted.

FINANCE COMMITTEE: A motion to approve the Adirondack Community College 2019-2020 budget, was moved by Mr. Campbell, seconded by Mr. Hicks and adopted.

The meeting adjourned at 2:05 PM.

# PROPOSED BUDGET 2019-2020

## WARREN COUNTY

I went to college at St. Rose right after high school, but I dropped out after my sophomore year.

I've been working ever since, and I currently work at Glens Falls Hospital as a nursing resources coordinator. I recently got a promotion, which put me in a good spot to have time to go back to school.

**I was attracted to the Accelerated Degree in Business Administration because it was geared toward adults, with both online and night classes. I can have a day job and still pursue a degree.**

In my classes, I am surrounded by adults who are in the same situation as me. I feel like I am working toward something, and the professors have been great.

I would encourage people to try this program. It's a nice thing to have for adult learners who can't fit into a traditional college schedule. It's a great opportunity.

— Sierra Savage, Queensbury

## WASHINGTON COUNTY

Growing up, my family life was a little crazy. My whole life, my mom was in and out of jail, but I always knew I wanted to go to college.

It's always been my intent to work in the medical field. Right out of high school, I wanted to go to pharmacy school, but it is expensive. Coming here, I was able to take classes and really figure out what I want to do.

**Chemistry has been one of my favorite classes. You get to work in a lab, which I think it really interesting. This semester has been the hardest for me. I've had three lab science classes plus a math.**

I work full time outside of school, and I also tutor in the EOP office. Working full time and being a full-time student is hard. You really have to manage your time well — and it requires a severe lack of sleep.

**I graduate in May, and I am going to Upstate Medical in Syracuse and majoring in clinical laboratory science.**

— Destiny Sheldon, Hudson Falls

I was kind of directionless before I started here. I wasn't quite sure of the steps I wanted to take.

I came to SUNY Adirondack because it was close and convenient — and not expensive. I thought it would be a great place to start.

**I think the professors are great. They can really make the class. I loved Botany and Calculus One — and I really loved both Philosophy and Religion.**

I work part-time as a tutor in EOP, and I think it is a fantastic program. I'm helping students who struggle in math and science. I develop a relationship

with students on a mentor level, and I've also gotten to know students I wouldn't have been able to interact with otherwise.

Career wise, I've been looking at a few different paths. I'd like to either work in education or get a position in conservation.

**I graduate in May with a degree in Individual Studies and plan to transfer to SUNY College of Environmental Science and Forestry in the fall. It just so happened that both my sister and I got accepted to schools in Syracuse, so we decided to go to school close together.**

— Jordan Sheldon, Hudson Falls

May 31, 2019

Dear County Supervisors,

On behalf of the Board of Trustees, faculty, staff, and students of SUNY Adirondack I want to thank you again for your support of the college. 50% of our students are residents of Warren and Washington counties, and they continue to shine in and out of the classroom. Despite enrollment declines across the state caused by changing demographics and full employment, we remain committed to attracting new students through innovative offerings in Queensbury, Saratoga, and online. Additionally, we continue to improve our student outcomes. For example, last quarter our Nursing students achieved a 100% pass rate on the NCLEX licensing exam, placing us 1st in New York State. I trust you share our pride in our faculty, staff, and students.

The 2019-2020 budget has been carefully constructed in cooperation with the faculty and staff and once again demonstrates a thoughtful approach towards preserving the high quality teaching and learning environment that our students and our communities deserve. Despite declining enrollments and diminishing public funding for the community college sector, SUNY Adirondack remains stable and progressive.

The proposed budget for 2019-20 is based on a 6.9% projected fall enrollment decline from the current year budget. In response, the college administration, faculty and staff have identified ways to reduce costs, while also identifying new sources of revenues. Together we have agreed to defer or reallocate positions, reduce spending on controllable expenses and reorganize departments to manage expenditures. Like any organization of our size, there are necessary fixed costs associated with providing the needed services and facilities our students require, as well as attracting and maintaining a workforce of talented, qualified professionals. These fixed costs rise, on average, 3-4% per year. As a result, the proposed budget for 2019-20 results in a modest increase of 1.9%, or \$613k. Despite this minimal increase, SUNY Adirondack is committed to continuing to invest in achieving our mission and goals. The faculty and staff have been and will continue to be steady partners in planning for the future.

For the past several years, New York State community colleges have advocated for a modern and stable funding model that reflects today's educational environment and the fixed costs of doing business. The funding approved for 2019-20 responded to these needs in the short term by establishing a funding "floor" for community colleges that provides the same amount of funding as the previous year or the value of a per/FTE funding increase of \$100, whichever is higher. While it is certainly a positive sign to have the state recognize the value of predictable and stable funding for our sector, the enacted model only resulted in an increase of \$116k for SUNY Adirondack, and is not yet a permanent change. In addition, other forms of state aid are in jeopardy of being eliminated or reduced in the near future. While this change stabilized funding for the year, it does not keep pace with the increase in benefits experienced by employers throughout the state. The SUNY Chancellor and community college Presidents will continue to advocate for a permanent funding model change and the establishment of an adequate level of funding.

We recognize the continued constraints on our counties from mandates and property tax caps. However, we know it is important to our community that the college thrives. With that in mind, we are requesting a modest 2% increase from our sponsors, which translates to approximately \$70,000 in additional funds for next year. This maintains the total sponsor contribution at 11.1% of the total operating budget, 4.4% less than the average of our peer community colleges sponsors' contributions.

SUNY Adirondack continues to maintain one of the lowest rates of per student spending among our peers, and maintains one of the lowest rates of tuition in the SUNY system. Despite having been good stewards of our resources, years of underfunding at the state and county levels have resulted in students bearing the majority of the financial burden, representing 45% of operating revenues.

We are also mindful of the need to maintain a fiscally responsible fund balance and have worked hard to avoid utilizing it to balance our budget (see pg. 4 and 9 for further details). SUNY Adirondack's fund balance represents approximately one month's operating expenditures, half of the Government Finance Officers Association recommendation. As a result, we are requesting no fund balance appropriation for the 2019-2020 year.

I am proud of the work our faculty have accomplished this year in implementing several new academic programs and pathways to attract enrollment as we plan for our future. It is an exciting time on campus as we settle into our new state-of-the-art teaching and learning spaces. As always, we thank you for your thoughtful guidance and support of SUNY Adirondack. We remain confident and steadfast in our dedication to be the educational provider of choice for this region.

Sincerely,

Kristine D. Duffy, Ed.D.  
President
