

## **New App Displays What Original Medicare Covers**

*Newest eMedicare Tool Provides Valuable Information to Mobile Users*

The Centers for Medicare & Medicaid Services (CMS) launched a new FREE app that gives consumers a modernized Medicare experience with direct access on a mobile device to some of the most-used content on Medicare.gov.

The new “What’s Covered” app lets people with Original Medicare, caregivers and others quickly see whether Medicare covers a specific medical item or service. Consumers can now use their mobile device to more easily get accurate, consistent Original Medicare coverage information in the doctor’s office, the hospital, or anywhere else they use their mobile device.
